Why You Help!

KEEPING HEALTHCARE STRONG

2015 ANNUAL REPORT

A Welcome Home

In the past when someone needed long-term care in Swift Current, they were sent to one of three different institutional long-term care homes; the Palliser Regional Care Centre, the Prairie Pioneers Lodge, and the Swift Current Care Centre. Anyone who has lived in one of these institutions, or had a loved one who has, can likely tell you how it could be better.

After living in your home and enjoying being able to make choices about when to get up or go to bed, when to have breakfast, imagine that suddenly life changes and you now require long-term care. For many residents of long-term care, it is a difficult adjustment to make. Suddenly you are no longer living in your own home, maybe now you have a roommate or two. Now because of the way things are, someone tells you when to get up in the morning, and when to go to bed at night. And while your own kitchen was only a handful of steps from your bedroom at home, where you go for breakfast now is a difficult walk down a very long hallway. You don't even have your own bathroom.

For many long-term care residents, this is the reality they face. It is a reality that the

Cypress Health Region has invested a lot of time and energy into changing for the better. With the new buildings, everything is based

"It's going to be a home atmosphere. They're even going to have a BBQ for family functions."
Len Schumacher describing his mother Kay's future home.

on the needs of those requiring long-term care. The Cypress Health Region has been planning and designing these homes for quite some time. They have tried to anticipate the needs of residents who have a variety of levels of ability and mobility. The process included building a mock-up of the new resident rooms and kitchens out of styrofoam and then bringing in residents of the long-term care facilities to consult on the designs and offer their thoughts on how it could be

improved. The result is a beautiful home that meets the needs of the residents, and also allows for as much independence as possible. The residents should be able to better maintain mobility with the new homes, as well as have better options for privacy, dignity and choice. The new homes are a significant improvement over the existing institutional style facilities that are being replaced.

"I'm looking forward to being able to hang pictures, especially the one of the farm."
Herb Tacholsky

Long-term Care in Swift Current

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

In these new homes, there are 210 long-term care rooms. Each room has one occupant. Each room has its own bathroom complete with shower. Each room has its own ceiling lift that reaches anywhere within the room should the resident require it. Each room opens onto an open common area where the kitchen, dining and living areas are shared among 10 residents. Now when you have someone come and visit, you can do so privately if you wish. If helping to prepare meals is something you enjoy and you are able to do so, now you can. These new long-term care homes are designed and intended

to be as home-like and as comfortable as possible. A place where both those who require long-term care and their loved ones can feel good about. A place to go and live and enjoy a quality of life that has not been possible in the previous buildings.

From the beginning of our involvement with the long-term care campaign, the Dr. Noble Irwin Regional Healthcare Foundation

"I'm looking forward to to being able to live in a more home-like atmosphere."

Eleanor Eichorst

realized the importance of this project. The new design will provide an improved and more home-like atmosphere for thousands of people over the coming decades and, it is important to give it the best possible start.

Donations have been gathered over the past year with the hope that the best care for residents can be fully realized but long-term care in Swift Current still needs your help. Your donation will improve the quality of life for residents and will help to bring about the full measure of this positive change for our area. Your gift may be paying for a bed or a chair, an entire room, or an entire house, but what you are giving is the promise of a better future.

The point of any fundraising campaign realistically is to gather money, but the goal is to ensure that our long-term care homes have everything required to properly care for the residents. Please help to create a home for long-term care residents that we can all be proud of.

To help with long-term care please contact the Foundation office or donate online on our webpage www.drirwinfoundation.com

Lens Implant Program

Imagine slowly losing your vision, imagine it becoming less and less clear with time. Imagine that colours are no longer bright and vivid but are getting harder to distinguish. Imagine slowly having your sight grow dim.

Meet Sam Smith of Hodgeville, he recently had cataracts in both eyes which were causing him difficulty with driving, reading and watching TV. (He had glasses for reading and another pair for driving.) Cataracts had changed life for Sam. Glasses were the first thing he would put on in the morning and the last thing that he took off at night.

Dr. Malcolm Banks with cataract patient Sam Smith.

The good news is that Sam's vision has been repaired, he is no longer a slave to his glasses, he is now able to drive and watch TV entirely without them. Dr Malcolm Banks Ophthalmologist was able to repair Sam's vision by removing the cloudy lens and performing a lens implant surgery.

The equipment that Dr Banks uses to give patients their sight back is purchased with funds donated by his patients to the Dr Noble Irwin Regional Healthcare Foundation. The 'Lens Implant Program' has been operating in one form or another since 1984. The gratitude that patients feel for the restoration of their sight and the excellent care they receive often is expressed through donations, paying it forward for the next person.

"I couldn't see anything too far, now I can see two miles. I can see clearly, the clarity and colour now is so much better. I can do all of this without glasses, it's perfect."

-Sam Smith

colour now is so much better. I can do all of this without glasses, it's perfect."

"The Foundation, since it's inception, has been there every step of the way and it has been, and still is, a wonderful ride"

-Dr. Malcolm Banks

If you would like to support the Lens Implant Program, visit the Dr. Noble Irwin Regional Healthcare Foundation website at www.drirwinfoundation.com and donate online, or call the Foundation office at 306-778-3314. You may also request information regarding this program at the Banks Medical Eye Centre on Chaplin Street West in Swift Current.

The 'Lens Implant Program' has allowed for the purchase of the most current technology and equipment to enhance Dr. Banks' ability to implant intraocular lenses to treat cataracts or myopia. An operating microscope designed specifically to make cataract surgery safer was purchased using patient donations. Soon the Phacoemulsifier that is used to break up and remove the cloudy lens will be replaced, (it is 12 years old). The Lens Implant Program donations

are providing \$25,000 to purchase 7 new handpieces for the brand new, state-of-the-art Centurion cataract Surgery system. Having this world-class equipment means that the patients of southwest Saskatchewan can get timely, safe, successful and excellent cataract treatment.

And that is good news for people like Sam. "I couldn't see anything too far, now I can see two miles. I can see clearly, the clarity and

- Dr Banks performs between 850 and 950 procedures each year.
- On average each patient will spend approximately 35 minutes in the operating room.
- Most patients see an improvement in vision as they are leaving the operating room.

Charity Golf Classic

Our Annual Charity Golf Classic is one of our favourite days of the year. We get together with the Swift Current Firefighters and the Swift Current & District Ambulance Service to host a day of fun on the golf course.

2015 as it turns out was one of our best golf tournaments yet. We had excellent participation from sponsors, and a full flight of golfers too. One of the biggest contributors was Mother Nature, who provided just the right temperature, not too much wind, and a bright sunny day. As it turns out, it was the ideal weather not only for golfing and a great steak supper to follow, but our frozen slushy drink stand was also a huge hit. (Tip money alone from the slushy drinks was over \$300)

We do need to thank all of those who participated as sponsors and golfers, in particular a special thank you goes to Kochan Wealth Management for being our heritage (top) sponsor once again. Thank you as well to the staff and management at Chinook Golf Course for being terrific hosts.

After all was said and done and the last of the golfers made their way home, a total of \$25,000 was raised (after expenses) which was split between the three organizations. The Dr. Noble Irwin Foundation portion of the proceeds was used to help furnish and equip the new long-term care homes through our 'A Welcome Home' campaign.

Please keep our tournament in mind if you want to come out for a fun day of golf for a great cause! It is always held on the first Friday in June! To register or to sponsor call 306-778-3314!

OPA! Night Out in Greece

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

Our friends in the Swift Current Greek Orthodox Community wrote another chapter in a remarkable story of supporting healthcare in Swift Current when they hosted the 17th annual 'Night Out in Greece'. It was an outstanding festival of Greek culture featuring authentic greek dishes, dancing, and music and the unique experiences of the stomping of the grapes and the smashing of the plates.

First of all, it was another very successful year of fundraising. Between tickets, silent auction, live auction, and evening sponsors, \$35,550 was raised to assist with health care in southwest Saskatchewan. The proceeds from the evening were designated towards long-term care in Swift Current, and will be used to help furnish and equip these new homes. In fact the amount raised will look after the cost of a long-term care room and more.

It would be a difficult task to determine exactly how many hours of preparation is needed every year to organize, decorate, plan, and prepare the food. It is an enormous amount of work and it is a very substantial gift that we have all benefitted from. To all involved in making this a successful event, Thank You! Your hard work and dedication has provided for over \$800,000

in medical equipment for the Cypress Health Region. This includes, \$33,000 for renal dialysis equipment; \$27,454 for infant care equipment; \$250,000 to fund the Cardiac Care Unit at Cypress Regional Hospital; \$75,000 to the digital mammography unit as well as numerous other purchases such as prostate care equipment and hospital beds. The Foundation speaks for all those in the southwest who have benefitted from the generosity of our Greek community when we say, Thank you!

L-R: Pete Tsougrianis, John Gannitsos, Gus Tsougrianis and Louie Tsougrianis.

CHR Employee Lottery and Community lotteries

2015 was another successful year for the CHR Employee Lottery. All told, along with \$31,000 in prizes handed out, the lottery was able to provide a further \$35,000 which will be used for healthcare.

Our CHR Employee Lottery gives health region employees the chance to win \$1000 each payday, plus a bonus \$5000 draw which is made on the last payday of the year. Inevitably we hear many great stories about how the money will be used, and how timely it is for the winners. Stories such as one person who needed new tires and didn't know how she was going to pay for them, or another where the family, with the \$1000 win, was now going to be able to enroll their kids in some great extra-curricular activities! It is safe to say that CHR Employee paydays are some of our favourite days.

Perhaps even more beneficial is the fact that the Dr. Noble Irwin Regional Healthcare Foundation is working with the Cypress Health Region to identify necessary pieces of equipment that need to be replaced. This is a win-win for lottery participants, knowing that the proceeds from the lottery will help to ensure that the equipment they need to care for patients is available to them. Since it began in 2012, the CHR Employee Lottery has made possible the purchase of equipment used in health care all across the Cypress Health Region. Items from ice machines to Broda chairs, to lab centrifuges have been paid for with lottery proceeds. Keeping Healthcare Strong!

It is the Foundation's intention to continue with the CHR Employee Lottery for as long as it is successful. How long that is will be determined by the employees themselves. As long as we continue to get sufficient numbers of participants enrolled, we will continue to offer it to the Cypress Health Region staff.

2015 also saw the Foundation launching a new community lottery, the Keeping Healthcare Strong community lottery. Each \$100 ticket purchased was valid for 53 draws! We gave away \$500 every Friday all throughout 2015 as well as a \$4000 bonus prize on December 24th, 2015. All together we sold just over 500 tickets and managed to earn \$25,000 for Healthcare as well as award \$30,000 in prizes. We felt very good about our first year of the Keeping Healthcare Strong lottery. However, in late summer last year we took a long look and decided to hold off on repeating it as the long-term care 'A Welcome Home' campaign was occupying so much of our time.

We would like to thank everyone who purchased a ticket in our community lottery for 2015.

Some of our Keeping Healthcare Strong lottery winners!

Message from the Board Chair

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

As we take a moment to look back at all that has happened in the past year, it is quite fulfilling. I can't help but think that what the Foundation and its many donors accomplish each year is so remarkable.

In the past year the Dr. Noble Irwin Regional Healthcare Foundation staff, with the support of our board, have worked very hard to meet the healthcare needs of southwest Saskatchewan. They have also done their best to meet the expectations of our donors and provide them with rewarding opportunities to support their communities and improve the quality and availability of healthcare in the Cypress Health Region. To all those who answered the call and supported our efforts, a very heartfelt thank you!

Of note, the last year saw the completion of the lab project in Ponteix which now has replaced all their lab equipment, including upgrading the thirty plus year old x-ray machine to a brand new straight to digital unit. In Leader, we have worked to support the residents as they prepare for a new addition to the Western Senior Citizen's home which will bring all healthcare in their town under one roof. We are also pleased to help the people in and around Cabri to gather the money required to purchase a Handi-van to improve the quality of life for long-term care residents and people in the community who are facing physical barriers to travel.

By far, our largest effort of the year has been the new long-term care homes in Swift Current. In fact, when all is said and done, it may be the largest campaign that the Foundation has taken on. To say it is worth it would be an understatement. The bright, spacious new homes will provide opportunities for long-term care residents to have a fullness of life that the outdated former facilities simply could not offer. Residents will have privacy and dignity, they will have choices and opportunities, and we sincerely believe a more home-like atmosphere to live in.

On a personal note, this will be my last term as a member of the Foundation's volunteer board. I have served six years with this group and have enjoyed working towards a goal of healthcare excellence. I can only say that if anyone has an interest in healthcare and would like to have an opportunity to make a positive change in your community, please consider joining our volunteer board.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Schaitel'.

Karen Schaitel
Volunteer Chair, Board of Directors
Dr. Noble Irwin Regional Healthcare Foundation

Message from the Executive Director

WOW – time really flies when you are having fun!!! I know this old saying has been around for a long time and is normally used at the end of a very busy day, but for me – actually all of us at the Foundation – 2015 was literally over before we knew it had begun.

Besides our usual events – Golf Tournament, RadioThon, and Night out in Greece – we went into 2015 knowing we would be working on two large and very important projects.

One of those projects was Leader's new Integrated Healthcare Center. It did not take long for the community to rally around and get to work. Three projects, all held late in the year, collected very nearly \$280,000 to be used to furnish/equip the new facility and while (as at year end) the project is on hold, funds continue to roll in. At the rate, the community is supporting this project it is quite possible they will have the funds needed to furnish the new facility well before construction is completed. Way to go Leader and District!!!

The other major project for 2015 was the new Long Term Care houses in Swift Current. We started working on this project very early in 2015 by trying to determine community interest and willingness to support the project. The results were very encouraging – almost everyone we talked to felt the existing facilities needed to be replaced and the sooner the better. The results of the survey also showed that the community would be willing to financially support

the project. Knowing this, we developed campaign materials and we started talking to people and gathering the funds needed to create caring and loving homes for those people who need this very special type of service. At year's end, we were on our way to our fundraising goal but we still need help and we would encourage your participation in this much-needed addition to the city of Swift Current and our surrounding areas.

So with all of this going on, I am sure you can see why we felt 2015 seemed to go by in a flash. I can honestly say I do not remember everything that actually did happen in 2015, but I did notice one thing and it was something that has remained constant through my time with the Foundation. The people of southwest Saskatchewan really do care about the wellbeing of their families, their friends, and their neighbours. They are always willing to lend a helping hand when and where needed and they are always prepared to contribute to causes they believe in and projects that can help to **"Keep healthcare strong in southwest Saskatchewan"** and for that – we thank you!!

Yours truly,

A stylized, handwritten signature in black ink, appearing to read 'C. Thompson'.

C.F. (Clay) Thompson
Executive Director

At the Cypress Health Region we are responsible for providing health services to the residents of southwest Saskatchewan. The delivery of our many programs and services is achieved through our facility-based and community-based programming. Safe, quality, and readily accessible health care programs and services are the top priority for our region and, in order to offer such, we work collaboratively with many individuals and organizations. Our health region and the many residents who call southwest Saskatchewan home

are very fortunate to have the Dr. Noble Irwin Regional Healthcare Foundation as one of our partners who strive to ensure that excellent health care services are available each and every day.

Since its beginning in 1999, the Dr. Noble Irwin Regional Healthcare Foundation has been a dedicated partner to the Cypress Health Region. Through the efforts of the Foundation, millions of dollars have been raised to enhance the quality of care offered to our patients and residents while strengthening the health services available in each community.

Through events such as the Cypress Health Region employee lottery, Radiothons, charity golf tournaments, and the 'A Welcome Home' campaign, the Foundation continually works to reach its

fundraising goals. These efforts, when coupled with the public's ongoing generosity and donations, are used to help purchase major equipment items and smaller, equally necessary amenities that assist in patient care. Funds are also used to provide scholarships and bursaries to our healthcare workforce that are seeking advanced education in the industry. No matter how big or how small, the contributions of the Foundation and its many donors are felt by the entire population of the southwest.

We would like to extend our appreciation and gratitude to the Foundation's Board of Directors, staff, and strong volunteer base for their ongoing efforts in helping us to meet the needs of our patients, residents, clients, and families. We look forward to continuing our strong relationship in the future.

On behalf of the Cypress Regional Health Authority Board members, I would like to encourage individuals and organizations to continue their strong support of the Foundation's fundraising initiatives. Your ongoing generosity and dedication enhance the health services that are offered in communities throughout southwest Saskatchewan.

Thank you ... from all of us at Cypress Health!!

Beth Vachon
Chief Executive Officer
Cypress Health Region

Our Mission Statement

The Dr Noble Irwin Regional Healthcare Foundation Inc. exists to raise, administer and disburse funds to improve the quality and availability of healthcare for all residents living in southwest Saskatchewan.

Ways To Give

The Foundation is supported by generous donations from individuals who believe in its goals. These gifts are necessary to meet critical and immediate needs. There are many ways to donate and give to improve the quality and availability of healthcare to all residents of southwest Saskatchewan.

Planned Giving

Established through sound estate planning, planned gifts provide the donor with the satisfaction of knowing that their gift will improve the level of healthcare for generations to come.

Planned giving options include the following:

- Wills and bequests
- Life Insurance
- Gift annuities
- Charitable Remainder Trusts
- Gifts in Kind
- RRSPs/RRIFs
- Stocks and Bonds
- Real estate and farmland

In Memoriam

In Memoriam gifts are made in lasting memory of loved ones. The Dr. Noble Irwin Regional Healthcare Foundation Inc. thanks family members and friends who pay special tribute in this manner.

Grateful Patient

Often we only truly see the value of our healthcare system when we find ourselves in need of medical assistance in one form, or another. For some, the benefit of the care they received inspires them to donate in order to keep the level of care at our area facilities as high as possible.

Events

Of course you can help the Dr. Noble Irwin Regional Healthcare Foundation with your support of events like our Annual Golf Classic, or through attending the Greek Orthodox Community's 'Night Out in Greece'.

At any time, you can make a donation to the Dr. Noble Irwin Foundation simply by stopping by our offices at 2051 Saskatchewan Drive, through the mail, or visit our webpage to donate online.

Scholarships (SESP)

The Skills Enrichment Scholarship Program is intended to support those training to be frontline healthcare providers in southwest Saskatchewan.

Applications must be received on or before 5:00 pm on the SESP session deadline dates as indicated below:

- May 31 for courses/classes scheduled to begin July 1 through December 31;
- November 30 for courses/classes scheduled to begin January 1 through June 30.

Applicants must be enrolled and/or will be enrolling in the program, course or classes scheduled to begin within the six month period following the SESP submission deadline date and be prepared to sign a Return For Service Agreement upon the conclusion of studies.

Full details including eligibility requirements and an application form can be found on our website www.drirwinfoundation.com

To the Directors of Dr. Noble Irwin Regional Healthcare Foundation Inc.:

The accompanying summarized statements, which comprise the summarized statement of financial position as at December 31, 2015 and the summarized statement of operations for the year then ended are derived from the audited financial statements of the Dr. Noble Irwin Regional Healthcare Foundation Inc. for the year ended December 31, 2015. We expressed a qualified opinion on those financial statements in our report dated March 7, 2016.

The summarized financial statements do not contain all the disclosures required by Canadian accounting standards for not-for-profit organizations. Reading the summarized financial statements therefore, is not a substitute for reading the audited financial statements of the Dr. Noble Irwin Regional Healthcare Foundation Inc.

Management's Responsibility for the Summarized Financial Statements

Management is responsible for the preparation of a summary of the audited financial statements in accordance with Canadian accounting standards for not-for-profit organizations.

Auditors' Responsibility

Our responsibility is to express an opinion on the summarized financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standards (CAS) 810, "Engagements to Report on Summary Financial Statements."

Basis for Qualified Opinion

In common with many charitable organizations, the Foundation derives revenue from donations and fundraising conducted by itself and other organizations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation and we were not able to determine whether any adjustments might be necessary to fundraising revenues, surplus for the year, assets and fund balances for the years ended December 31, 2015 and December 31, 2014.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the summarized financial statements derived from the audited financial statements of the Dr. Noble Irwin Regional Healthcare Foundation Inc. for the year ended December 31, 2015 are a fair summary of those financial statements, in accordance with Canadian accounting standards for not-for-profit organizations.
