Chairperson's Message

CHAIRPERSON'S MESSAGE

The opportunity to write this report causes a person to pause for a moment and reflect on the history of the Dr. Noble Irwin Healthcare Foundation (DNIHF). It is hard to believe it has only been three years since the formation of the Foundation; and it is even harder to believe \$3.6 million has been raised by the Foundation to date.

The year 2001 has been a phenomenal year for the DNIHF. The receipt of funds from two estates to push this year's receipts to \$2.4 million shows how critical it is to get the message out about Planned Giving. The legacy left to a community through a bequest can bring benefits for years to come. The structure of the Foundation assures the donor their wishes will be honoured and the gift left will be used to meet the ongoing health care needs of the region.

In addition to the bequests received we were also privileged to have a very generous endowment started that permits us to move into one of our long-term goals of establishing a Skills Enrichment Scholarship program. More details regarding the establishment of the Endowment and the ensuing program will be shared at the Annual General Meeting and in future news releases.

The Foundation board strives to remain non-political in dealing with the issues coming before it. We were however, provided an opportunity to have input into the Fyke Commission Report as well as to present a paper to the legislative committee that subsequently reviewed it. We also were represented on the committee that reviewed the Swift Current Health District's Integrated Facility Proposal that was presented to the Department for consideration and approval. We conducted a major feasibility study to discover the potential for raising capital funds in Southwest Saskatchewan for health care facilities and equipment. We have watched with interest as the new plan for health care has evolved for Saskatchewan.

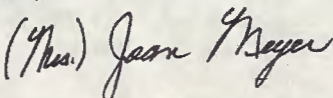

Our board and staff have been actively engaged in responding to the changing face of health care delivery for the Southwest. We are expanding the search for new board members to encompass the entire Southwest. In doing so, we are considering a new style and frequency of board meetings, increased staffing and reviewing how our mandate will help us meet the needs of the existing facilities within the new Authority's operating area.

The challenges before the DNIHF make this an exciting time to be involved. The rewards come from the support and commitment we have been given by the residents of the region. The words "THANK YOU" go out to all our donors and all the community organizations and businesses that have so heartily embraced us as their vehicle of support for health care in Southwest Saskatchewan. Without that support and commitment, meeting the needs and our goals would be impossible.

To the Board members and Staff of the DNIHF, my sincerest thank you. Your vision, commitment and hard work have made this Foundation the success it is today. Your continued dedication to the cause will keep it on track and make it grow to its fullest potential and fulfill our vision to "support the development of our health care facilities into an enhanced regional center of health care excellence for the residents of Southwest Saskatchewan."

It has been my privilege to continue to serve as Chairperson for the DNIHF for this past year.

Yours respectfully,

Joan Meyer

Commitment to equipment purchases in 2002

Acute Care

1 Anaesthetic Machine	85,000
1 Mammography Suite	133,340
2 Medication Carts	13,560

Long Term Care

Dining Room Tables & Chairs SCCC	13,139
Dining Room Tables & Chairs PPL	17,518

Home Care

Portable Lift	3,495
Pulse Oximeter	1,802
Excelsior Syringe Pump	1,237
Therapeutic Laser	10,439
Therapeutic Ultrasound	4,777
EMG Retainer	2,254

Community Health

Brode Full Recliner	2,792
---------------------	-------

TOTAL (2001)	\$289,353
Equipment Purchased/Committed in 2000	\$1,011,829
Equipment Purchased/Committed in 1999	\$100,371
Total purchases & commitment at December 31, 2001	\$1,401,553

Total Restricted for Capital Building	1,868,000
Total Restricted for Educational Endowment	269,075

Other equipment put in place by the Foundation includes:

- 3 Brode Chairs for PRCC
- 1 Ventilator for ICU
- 1 Portable Ventilator for patient Transport
- 2 Infant Warmers for the hospital Nursery
- 5 Dialysis machines for the Renal Dialysis Unit at SCRH
- 3 Medi lifts for PRCC
- 1 Trixix lift for PPL
- Radiographic/Fluoroscopic Unit
- Ultra sound unit
- Ultra sound unit with cardiac
- AGFA Laser & daylight processing
- Vacuum pump for SCRH

The Foundation has also committed a \$250 Award for Home Care/ Special Care Aide program at Cypress Hills Regional College, Beatty Campus in 2002.

Reflections

Once a year we take the time to look back and measure our accomplishments and growth to ensure that our efforts are on a course consistent with our mandate and that we have the growing support of our constituents, the people of Southwest Saskatchewan. In retrospect 2001 was a year of development, growth and achievement. We experienced a growth of 68% in the establishment of In Memoriam Funds, increased our donor base by 324% and our corporate sponsorships by 265%.

We expanded our efforts to communicate by establishing a web site which greatly enhanced our existing vehicles which include: *Foundation Beat* a monthly television program carried on Shaw Cable, quarterly two page inserts in the *Prairie Post* and publication of our quarterly newsletter.

Perhaps our most significant effort to communicate with our constituents took place in the fall. A feasibility study was commissioned by the Foundation to determine what Southwest residents wanted and would support relative to a new regional facility and equipment.

It was also intended to provide feedback on the people's view of the Foundation and its efforts since commencing operation in '99. It proved to be a very valuable initiative. The results of the survey will continue to provide both direction and inspiration as the Foundation plots its course for the years ahead and grows to meet future needs.

Board member Dave Parenteau presents Pat Olson and Caroline Nelson with a cheque to cover Home Care's equipment needs.

Campaigns

New corporate support was received by chair, Joan Meyer from Swift Current Branch Manager Michele Klein and John Jangula of CIBC at the Annual Campaign Kick Off.

The Foundation conducted two campaigns in 2001.

No Place Like Home a campaign to support the equipment needs of home care providers was very successful. It was completed in record time and the new equipment was ordered. All but one piece, which is back-ordered, is now in service.

We Believe In Angels, our Annual Campaign, got underway with tremendous corporate and community support. While 51% of donations came from Swift Current, 48% were received from the rural Southwest. The campaign was virtually completed by year-end. A new mammography suite will soon be installed at the Swift Current Regional Hospital for the benefit of all residents of the Southwest.

Taylor Gering helps get out the "Angels" message.

Programs

PLANNED GIVING - The Foundation unveiled its Planned Giving Program during Leave a Legacy month. The significance of planned giving has certainly been made abundantly clear with bequests being received in 2001 totalling over 1.8 million dollars. A full program outline was made available to all lawyers, accountants and financial planners in the City of Swift Current and is available to any office, which handles estate planning within the Southwest, upon request.

A brochure was also produced for the general public and copies are mailed to anyone requesting one.

Tracy & Griffin Funk, & Grandmother Mary Wiebe of Herbert lend their support to production of the brochure.

BRING GOOD HEALTH TO LIFE - This program offers an opportunity for patients and their families to help support the needs of the regional acute care center and is available at the SCRH in patient's rooms and waiting areas. Donors may designate the department or floor they wish to support and the funds will be used to support the equipment needs of the hospital.

HONOURING OUR HERITAGE - The Foundation installed a granite wall in the Palliser Regional Care Centre to commemorate donations received in support of long term care facility needs. Replicas of the Tree of Life wall were also installed at the Swift Current Care Centre and the Prairie Pioneer Lodge. The significant donations of the Rotary Club of Swift Current, the Royal Canadian Legion Branch #56 and the St. John Ambulance volunteers will soon be commemorated on the stepping stones under the tree. Donors may purchase a leaf or stepping stone to mark any special occasion or in memory of a loved one.

The wall is not only esthetically pleasing but will help provide the funds needed to meet the equipment needs of long term care, while providing donors an opportunity to create a lasting memory or tribute.

Installation of new wall completed in late fall.

BEEF UP YOUR HEALTH - This program was undertaken as an investment in agriculture that would improve the picture of health. In its second year it experienced a steady growth in support and was instrumental in providing funds to purchase the new mammography suite for the SCRH. Forty-two Heifers were purchased in November and were sent to Red Coat Cattle Feeders for the winter. The early success of this program is in large part due to the support of Cargill Animal Nutrition, who took on the major sponsorship commitment for three years, and the continued support of Stark & Marsh and those who provide goods and services to the program.

Programs & Campaigns

Events

BEEF UP YOUR HEALTH "ROUND UP" was held in early spring to celebrate the success of the first year of the program with the donors who made it possible. The evening in Gull Lake was enjoyed by those able to join us and served as a starting point for year two.

OPEN HOUSE was hosted by the Foundation at the Swift Current Regional Hospital in the spring. It provided an opportunity for those interested to see what supporting the Foundation had done for the hospital. The new donor boards were unveiled and tours given so attendees could see in action all the equipment that had been purchased. Board members were available to answer questions and talk with the public over refreshments.

Beef Up heifers, class of 2001, at their winter home in Hazenmore.

Swift Current Rotary members cook up a storm at the Annual Lobster Feed.

LOBSTER FEED presented by the Rotary Club of Swift Current was even more successful in its second year than it was in year one.

It is a unique event that provides lobster lovers with a rare feast. It also enabled the Club to complete their \$15,000 pledge to the Foundation in just two years. Proceeds from this commitment provided critically needed patient lifts for long term care.

MEYERS NORRIS PENNY CHARITY GOLF CLASSIC enjoyed another successful year and helped support the work of the Foundation. One of the richest prize tournaments held in the City it has become popular with local golfers who enjoyed another fantastic steak supper following the day of golf at the Chinook Golf Course.

And brush...and brush...and brush.

24 HOUR COMMUNITY RELAY FOR HEALTH CARE was held for the last time in August. It proved to be another successful event with a record amount of corporate support and pledges. A unique twist was provided compliments of the Saskatchewan Dental Therapist Assoc. who sponsored the "Brush Off" attempt. Although we fell short of breaking a Guinness Book record, it provided some good instruction on dental hygiene and a few laughs for participants. We want to thank all those who have for the past three years supported the Relay and hope that our new summer event will capture your imagination and continued support.

A NIGHT OUT IN GREECE was also a third annual presentation, which has become one of the most prized tickets in town. The Greek Orthodox Community of Swift Current continues to out-do themselves each year. Their commitment of \$30,000 was instrumental in the success of our Annual Campaign. Their continuing commitment to raising funds to improve the quality of health care for the people of the Southwest is without question one of the greatest inspirations that motivates the Foundation.

Events Calendar for 2002 will feature: The A-Mazing Challenge, 4th Annual Night Out In Greece, 3rd Meyers Norris Penny Charity Golf Classic, and Festival of Trees; events for which planning began in 2001.

Pledge Partners

The Lehrerleut Hutterian Brethren completed their pledge to the Foundation with a donation of \$40,000. The funds were used to purchase equipment for the SCRH. The Foundation greatly appreciated this tremendous commitment from the colonies.

The Rotary Club of Swift Current completed their \$15,000 pledge in just two years. Their commitment resulted in the creation of a unique annual event- The Lobster Feed.

Let's make a little wine. The Greek Orthodox Community of Swift Current knows how to put the Fun in Fundraising!

Education

The Dr. Noble Irwin Healthcare Foundation is not only concerned with the replacement and purchase of new equipment that will improve the quality of health for the people of the Southwest, but also in helping to improve the training opportunities available to those working on the front lines of health care in our region.

To this end we have been working on a Skills Enrichment Scholarship Program that would help enhance and keep current the skills of our health care professionals. The program outline was completed this year and funding secured. The Lee/Irwin Educational Endowment was established in December, which will enable us to begin making Scholarship awards in 2002.

The Foundation wishes to extend a heartfelt thank you to all those who have chosen to invest in our quality of care during the past year. You have proven that by working together we can dramatically effect and address current shortfalls in funding. Because of you, we believe, there can be a silver lining in the dark clouds surrounding health care and its delivery. We are committed to continue working diligently, on your behalf, to build upon past accomplishments and ensure that we will create a center of health care excellence for the residents of Southwest Saskatchewan.

Financial Report

AUDITOR'S REPORT

To the Board of Directors
of the Dr. Noble Irwin Health Care Foundation Inc.

We have examined the balance sheet of the Dr. Noble Irwin Healthcare Foundation Inc. as at December 31, 2001 and the statements of operations and changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the Foundation board. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many charitable organizations, the Foundation derives revenue from donations and fund-raising conducted by itself and other organizations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation and we were not able to determine whether any adjustments might be necessary to fund-raising revenues, excess of receipts over disbursements, assets and fund balances.

In our opinion, except for the effect of adjustments, if any, which might have been determined to be necessary had we been able to satisfy ourselves concerning the completeness of the fund-raising referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Foundation as at December 31, 2001 and the results of its operations and the changes in cash flows for the year then ended in accordance with generally accepted accounting principles.

Chartered Accountants

Swift Current, Saskatchewan
March 13, 2002

Dr. Noble Irwin, the Foundation's namesake, was a respected Swift Current physician who followed his family's tradition of dedicating oneself to a deep caring with regard to health care. His commitment to his profession and his community are well remembered.

NOTES TO FINANCIAL STATEMENTS
December 31, 2001

1. Operations

The purpose of the Foundation is to raise, administer and disburse funds to improve the quality of health care for the people of Southwest Saskatchewan. The Foundation was incorporated under the Non-profit Corporations Act of Saskatchewan on October 31, 1998.

2. Significant accounting policies

These financial statements have been prepared on the accrual basis of accounting. The more significant accounting policies are as follows:

(a) Fund accounting

The accounts of the Foundation are maintained in accordance with the principles of fund accounting. For financial reporting purposes, accounts with similar characteristics have been combined into the following major funding groups.

i) Operating fund

The operating fund reflects the revenue and expenses related to achieving the mission of the Foundation including administrative expenses, unrestricted donations, and unrestricted contributions.

ii) Restricted fund

The restricted fund reflects revenues that are designated for specific purposes by the contributor and the related expenses.

b) Revenue recognition

The Foundation follows the restricted fund method of accounting for contributions as follows:

Restricted contributions are recognized as revenue of the appropriate fund in the period it is received or receivable. Unrestricted contributions are recognized as revenue of the appropriate fund when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

c) Inventory

Inventory is valued at the lower of cost and net realizable value.

d) Investments

Investments are valued at the lower of cost and market value, unless the decline in market value is deemed temporary in nature by management.

e) Capital assets

Capital assets are recorded at cost and are amortized on a declining basis as follows:

Displays	20%	Office Equipment	20%
----------	-----	------------------	-----

f) Contributed services and goods

The operations of the Foundation utilize services of many volunteers. Since these services are not normally purchased, and because of the difficulty in determining the fair market value of donated services, the value of these donated services is not recognized in the financial statements. Also, due to the difficulty in determining the fair market value of all donated goods these goods have not been recognized in the financial statements.

g) Income taxes

The Foundation is a registered charity within the meaning of the Income Tax Act and is therefore exempt from income taxes under Section 149 (1) of the Act.

3. Inventory

Inventory for the Foundation consists of the following

Beef up stock	\$29,145
Promotional and operational supplies	<u>27,392</u>
	<u>\$56,537</u>

4. Accounts Receivable

Donations and grants receivable that are to be received in 2002 total \$18,499.

The donations to be received after 2002 are as follows:

2003	<u>\$15,000</u>
------	-----------------

5. Long-Term Investments

	2001	2000
Long-term deposits - market value	\$1,560,000	—
Credential securities - market value	<u>306,659</u>	—
	<u>\$1,866,659</u>	—

6. Capital Assets

	2001	2000		
	Original Cost	Accumulated amortization	Net book value	2000 Net book value
Displays	\$11,780	1,763	10,017	\$ 2,124
Office Equipment	<u>7,831</u>	<u>1,549</u>	<u>6,282</u>	<u>3,002</u>
	<u>\$19,611</u>	<u>3,312</u>	<u>16,299</u>	<u>\$5,126</u>

7. Restricted fund

The Foundation has a restricted fund balance of \$2,336,616 of which \$269,075 has been allocated towards the Education Endowment Fund and the remaining \$2,067,541 has been allocated towards Capital Building and equipment purchase.

8. Lease Agreements

The Foundation entered into an agreement with General Electric to lease and eventually purchase medical equipment. The Foundation is making monthly payments of \$12,506 over the next five years.
