

Dr. Noble Irwin Regional Healthcare FOUNDATION Inc

KEEPING LOCAL HEALTHCARE STRONG

2018 ANNUAL REPORT

Pharmasave Radiothon

The 2018 Pharmasave Radiothon for Healthcare goal was to purchase a new digital portable x-ray unit for the Cypress Regional Hospital, which allows for bedside x-rays to be done quickly and effectively for patients either too ill or too injured to move to the main x-ray suite.

Our gratitude goes out to the many people who made Radiothon run as smoothly as it did. Thank you not only to our generous supporters and donors, but to the people who were responsible for taking those donations. Our phone bank was manned by volunteers throughout Radiothon to accept donations from those who called in as well as those who came to donate in person.

Pharmasave was our title sponsor once again for the 'Pharmasave Radiothon for Healthcare' and we thank them for their continued support. All told there were 19 major sponsors, to whom we say thank you for helping Keep Healthcare Strong in the Cypress Health Region.

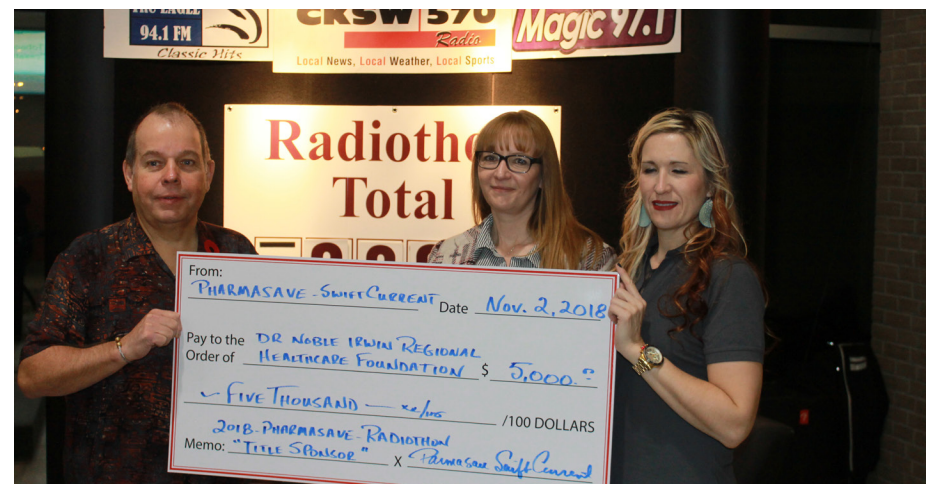

We were very excited to have BMO - Bank of Montreal come on board with Radiothon this year offering up a \$25,000 matching program to start off the broadcast! By Friday morning there were enough donations www.drirwinfoundation.com Page 2

from those walking in and calling in, that we were able to add BMO's contribution and push us past the \$50,000 mark! As well, the Kinsmen Foundation generously contributed \$50,000 Friday afternoon during our broadcast that put us close to the \$150,000 mark!

A terrific addition to every single Radiothon is the talent that local performers come out and share with us as part of the broadcast. This live entertainment is often enjoyed by patients who are in care at Cypress Regional Hospital. Thank you to all the performers who add a special touch to our broadcast!

As always, thanks to our broadcasting group from Golden West Broadcasting for all of their time and talents and efforts. This year, they worked with us to bring our Radiothon to all three local radio stations, extending our reach and our coverage. It all went off without a hitch, and the results of this year's Pharmasave Radiothon for Healthcare speak for themselves.

Our grand total for this year's Radiothon, including many donations that came in after the show, was over \$182,000! Thank you to all who made it possible.

Portable Digital X-Ray

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

In 2018, the Dr. Noble Irwin Regional Healthcare Foundation chose to raise funds and support for a portable digital x-ray machine. A machine that would not replace the main x-ray unit in the diagnostic imaging department, but that would complement it, and give better options for patients who require x-ray but are too injured or too ill to be transported to the main x-ray suite.

“The intention of the portable unit is to perform x-rays on patients who are too sick to come to the department for their x-ray. Mainly, ICU, ER, in-patient wards and the Nursery.”
- Donna Wotherspoon.

The Cypress Regional Hospital did have a portable x-ray unit prior to this new purchase, but not being digital it was a more cumbersome and time consuming process. The x-ray technician would have to bring the image cassette down to the x-ray department and then convert it to digital before being able to see if the picture was good enough to use, or if it was able to show what the doctor was trying to see. Now, with the digital portable x-ray, images taken are shown almost immediately, on screen at bedside, reducing the time needed by the technician and giving the doctors immediate diagnostic information. Also, being new technology, the new machine will take a better quality picture, and will subject the patient to less radiation than the old machine.

According to Donna Wotherspoon, the head of the Diagnostic Imaging Department at the Cypress Regional Hospital, the portable unit often sees between 800 and 1000 uses per year. This is in fact a small portion of the total number of x-rays done in the hospital which can be as many as 14,000 in a year.

Chantal Henderson, a nurse at the Cypress Regional Hospital, talked to us about her own personal experiences with a portable digital x-ray unit while we were preparing for Radiothon. Her daughter was only 11 days old when she was hospitalized for a respiratory infection. During

her care she was eventually transported to Saskatoon for care and was successfully treated. During the treatment procedure, Chantal was able to see first hand the process of bringing her daughter, who was hooked up to monitors and intubated, to the x-ray suite, and the difficulties associated with that. As well she saw how simple and non intrusive the portable digital x-ray in Saskatoon was. She is looking forward to using the portable digital x-ray in her job at Cypress Regional Hospital.

It's one of those things that when your kids, especially when they are that little, require something medical or are in a state of emergency, having something that makes the care more efficient and easier is just indescribable - Chantal Henderson

People you have Helped!

Patti-Jean Cobb

I have lymphedema as a result of complications from cancer surgery and for that reason, I am not able to have intravenous in my arms. It has been difficult for healthcare providers to find suitable veins in my legs and feet, but the anesthesiologist

at Cypress Regional Hospital, Dr. Jim Klonarakis, brought in the portable ultrasound machine and was able to easily locate a deeper vein in my foot. As a result of using the portable ultrasound machine, I was able to receive the medication I needed by intravenous without any complications. I am so grateful to the Dr. Noble Irwin Regional Healthcare Foundation and the donors who support them in making equipment purchases possible for our area hospital.

In the past it took between 15 & 20 attempts to find a vein in my feet or legs, and even then if the vein was too small the IV would blow out and another one would have to be started. Now with the Portable ultrasound, the medical staff are able to administer the medicine I need more quickly, effectively, and far more comfortably.

Ellie Rokochy

On a July weekend at the ball diamonds here in Swift Current, our youngest son was playing ball, and I was scorekeeping. His sister had just ran to go across the street to the concession for a treat. Then a friend came up and said, "You have to come, it's Ellie." As she had gone to cross the street, Ellie had been hit by a car. She was laying in the street not moving. It's a parent's nightmare.

Fortunately there were some first responders whose kids also played ball and they quickly helped as best they could until the ambulance came. On the ride to the hospital Ellie started to come around a bit, and once we arrived at the hospital, she was taken to the ER and examined. There were no outward signs of damage, but there was still concern that she could have internal damage.

Dr Kapusta quickly rolled in the portable ultra-sound unit that had been purchased with funds raised by the Dr. Noble Irwin Regional Healthcare Foundation. In a matter of minutes he was able to fully check out all of Ellie's internal organs, and give her the green light. She was going to be sore for a bit, but she was okay. Its such a sense of relief to be able to have her examined in this way and know that there were no hidden problems. As a parent, the comfort that came from that quick examination with this remarkable tool was invaluable.

Leader / Climax

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

The Leader & District Integrated Healthcare Facility became a reality in 2018. After a few years of fundraising, planning, and building, the new acute care hospital and the newly renovated Western Senior Citizens Home had its grand opening on October 26th, 2018.

The community fundraising group in Leader did a sensational job of organizing fundraising activities, and involving all the citizens in the area in bringing this project together. All told they raised \$1.4M to equip and prepare this beautiful new facility.

The acute care hospital now boasts six acute care patient rooms as well as an indoor ambulance bay, and of course an all new facility. Plus being attached to the Western Senior Citizens Home means that those in long-term care have easy access to medical attention when necessary. As well, the long-term care rooms were updated with ceiling lifts to improve safety and mobility for the residents.

The overall community effort that was undertaken to make this a reality is impressive. The Leader and District Trust Advisory Committee has done an amazing job, and the Dr. Noble Irwin Regional Healthcare Foundation was pleased to be able to assist them in their efforts.

The Climax Border Health Center has been the beneficiary of a recent community effort to upgrade the facility. Starting at the beginning of 2018, a local fundraising committee and the Dr. Noble Irwin Regional Healthcare Foundation worked together to raise funds to improve services.

Initially, the project was to raise enough money to replace the tub. The success of the campaign was so significant that it was possible to not only replace the tub and build a new tub room, but extra funds were raised and used so that they are now able to offer Telehealth services, allowing community members to connect with their specialists through video conferencing. All of the donations received during this campaign are designated towards the cost of equipment, initiatives, and projects for the Climax Border Health Center.

"I am overwhelmed by the generosity of the people of the Southline. With all your generosity we are able to keep our people closer to home. Thank You." - Lana Goodall, member of local fundraising committee.

The local fundraising committee and the Dr. Noble Irwin Regional Healthcare Foundation would like to express their sincere thanks to the residents and businesses of the area who generously supported this campaign. From start to finish it was a very quick and well supported project that will ensure that the care that is needed at the Climax Border Health Center is available for those who use it.

Black Tie Hockey Draft

Our 2018 NHL Playoff Black Tie Hockey Draft sponsored by Crescent Point Energy, was held April 9th 2018 at the Living Sky Casino Event Centre, and for our second time out, it was another huge success.

The night was a co-operative effort between the Dr. Noble Irwin Regional Healthcare Foundation and the Field of Dreams group. Twenty four teams of 8 joined us for a gourmet meal and a fun night of attempting to draft the best playoff hockey team. The night also featured live auction and silent auctions for some great sports trips.

Of course, an event like this cannot be run without great sponsors! Crescent Point Energy led the way as our main event sponsor, and were joined by Living Sky Casino, Crop Production Services, Whitecap Resources, Stark & Marsh, South West Terminal, MNP, and Molson-Coors.

This year the winning teams were picked by the guys from Riverside Electric in first place, the Astro's Cruisers came in second and the Lucky Puckers from MNP took home third prize! All told \$12,000 in prizes handed out. Even more importantly though was the proceeds totaling over \$38,000 which was used to support local baseball, both the Swift Current 57's and minor ball, as well as Keeping Local Healthcare Strong in southwest Saskatchewan.

Charity Golf Classic

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

Mother nature showed up for our 12th Annual Charity Golf Classic on June 1st, 2018 at the Elmwood Golf Course. Even though it got a little windy and a lot wet, we still had a terrific day! 18 holes of golf later, (well, some may have finished a little earlier), we were back in the Elmwood clubhouse having a terrific meal and celebrating our winners, as well as giving away door prizes, skills prizes, and participation gifts. Once again we partnered with Swift Current Emergency Services and the Swift Current Fire Department to host the event, and were thrilled to welcome back our Heritage Sponsor, RBC Wealth Management – Kochan Wealth Management!

While the weather may not have been on our side, we still had a course full of golfers and once again we were happy to provide a relaxed, fun, Texas Scramble tournament! Winning the event at the end of it all was a team from Crutch's Plumbing and Heating, who shot a 56 to win it! Pictured below are Kevin Broccolo, Cal Krause Jr., Harley Robinson, and Andre Wall, with Foundation Executive Director Clay Thompson. Thank you to all of our golfers who participated and helped us to raise funds to Keep Healthcare Strong in south west Saskatchewan!

Please keep our tournament in mind if you want to come out for a fun day of golf for a great cause! It is always held on the first Friday in June! To register or to sponsor call 306-778-3314!

RibFest

Ribfest was an outstanding new event for Swift Current and area in 2018. The Living Sky Casino hosted this fantastic three day event, and being tremendous Foundation supporters, it was also used as a way to raise funds to Keep Local Healthcare Strong.

The concept of RibFest, while not new, is certainly a welcome addition to the events in our city. Over the course of three days approximately 10,000 visitors came to the parking lot of Living Sky Casino to be fed and entertained.

Entertainment was provided by a number of musical acts over the three days, in the beer gardens tent. There was also a few bouncy castles and games for the kids, and some business displays to check out from sponsors of this great event.

And then there was the food. Two award winning competition ribber outfits were on site feeding the masses. Whether you wanted chicken, or pulled pork, or brisket, or ribs, the demand was high, the line ups were long, and food was completely worth it all!

Along with everything else going on for the RibFest weekend, there was also a barbecue cook off event on Sunday that was well attended, congratulations to the winners!

We are certainly looking forward to continuing the tradition of RibFest in 2019, mark your calendar and plan accordingly.

Ribfest was such a fun event to host, and partnering with the Dr. Noble Irwin Foundation was a great fit as we always enjoy working with Clay and Jim. We had a great turnout for our inaugural year, even though we didn't have the best weather. We are anxious to do it again in 2019!

-Trevor Marion - General Manager Living Sky Casino

Lobster Pot Golf / Our 20th Year

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

Over the course of the year, the Foundation is blessed to be supported by many individuals, groups and businesses who feel it is important to work together to Keep Local Healthcare Strong.

In 2018 the Foundation was lucky enough to have a new fundraising event brought to us by Scotiabank and the Elmwood Golf Course. A Lobster Pot Golf Tournament. For those who may be unfamiliar with the concept, its a par three golf tournament where the holes on the greens are exchanged from the 4 inch cups to 8 inch cups. As well there are several hole in one prizes and at the end of it all a delicious lobster supper.

Even though the weather was not ideal, it was a fun round of golf and a good turnout. which provided the Foundation with approximately \$3000 to Keep Healthcare Strong. Thank you to all who participated and worked to make this happen.

**First Annual
Scotiabank/Dr. Noble Irwin
Lobster Pot Classic

- 7 - \$500 hole-in-one prizes on 8-inch holes

FIRST 144 PLAYERS ONLY

Call the Pro Shop to Register @ 306-778-4653

2019 marks the 20th year of operations for the Dr. Noble Irwin Regional Healthcare Foundation. 20 years have passed since a group of concerned citizens of our community got together to raise funds to make renal dialysis possible in Swift Current. The Foundation has been working to Keep Local Healthcare Strong ever since.

Over the years we have worked with the communities in the great southwest, and many community groups, to make certain that the medical services we can host in our corner of the province had the equipment they needed. Groups like the Greek Community who hosted A Night Out in Greece for many years have made a serious positive impact on healthcare for our area.

We are extremely grateful for all of our supporters over the years, and look forward to your support for years to come. The one constant in fundraising for medical equipment, is that it will always be necessary. Equipment changes, and improves. Equipment wears out and needs to be replaced. For example, some items we are considering for 2019 include a new digital mammography unit. 10 years ago, Radiothon proceeds were used to purchase the current equipment. 10 years of use, and 10 years of innovation has created a need to switch from the old machine to a new one, that is better for the patient and the medical staff. Other items include digital x-ray upgrades for some of our rural sites, including a proposed campaign for Cabri and area.

Your support will always be needed. We hope you can join us with one of our many events throughout 2019. We need your help to Keep Local Healthcare Strong.

Dr. Noble Irwin Regional Healthcare

FOUNDATION Inc

Fun Muddy Mayhem

FUN MUDDY MAYHEM

The Wallace / Winmar Fun Muddy Mayhem 2018 was a wet mucky blast! The weather was a little cooler and wetter this year, but it did not dampen the spirits of our competitors. Over two days approximately 140 people ran the course and had a great time doing it!

Big thanks to the crew from Wallace/Winmar who not only sponsored the event, but also built the course for us and helped keep things running smoothly! Without their participation, this event would not have happened!

Thanks as well to our participants for tackling all 20 obstacles and having a blast doing it! We are glad you had a good time! As well, thanks to the Wildcats and Legionaires hockey teams for helping us to guide participants around the course!

All told we raised approximately \$7000 to Keep Local Healthcare Strong! Proceeds from the FUN MUDDY MAYHEM will be put towards the purchase of a portable x-ray machine for the Cypress Regional Hospital!

2018 started a bit slow, which is not unusual as so many of our Donors search for sun in the winter months, and because 2017 had been such a productive year. Additionally, January and February are normally the months we use to organize for the upcoming year, so we never worry too much when our first quarter is a bit slow.

But then the fun started!

We hosted our 2nd Annual Black-Tie Hockey Draft in early April; we hosted our 12th Annual Golf Tournament in June; we hosted our 3rd Annual Muddy Mayhem in September and we hosted our 10th Annual Radiothon in November. All events were very successful and at the end of the day – the big winners were the residents of southwest Saskatchewan, as the proceeds from all these events were used to help keep our local healthcare strong. We would like to thank our Title Sponsors for their support of these events: Crescent Point Resources for their support of the Hockey Draft; RBC – Wealth Management (Fraser Kochan) for their support of the Golf Tournament; Wallace Construction/Winmar for their support of the Muddy Mayhem and Pharmasave for their sponsorship of the Radiothon. We would also like to thank all the people who came and participated/supported these events. Events like these do not happen without the participation and support we received, and we certainly appreciate the ongoing support.

Certainly, these hosted events help us to meet our goals every year, but on their own, they would not allow us to gather what we need to support our Care Providers as they work to give us quality care. What made 2018 (and frankly every year) a success, is the support we received from Donors who simply recognized that help is needed, and they agreed to make a financial contribution. Because of this support, by the end of 2018, we had gathered the funds we needed to meet our 2018 commitments to healthcare and as a result healthcare in the southwest is stronger. Please review the stories in the following pages and you will see how and why healthcare is stronger because of you.

As 2019 begins, we know our Care Providers will continue to need our help and we trust and know the residents of southwest Saskatchewan will continue to come forward and help to Keep Local Healthcare Strong. Thank you for your past and future support.

Yours truly,

A handwritten signature in black ink, appearing to read 'C. Thompson'.

C.F. (Clay) Thompson

Executive Director

Message from the Board Chair

It has been and continues to be my pleasure to volunteer on the Board of Directors of the Dr. Noble Irwin Regional Healthcare Foundation as Director, Treasurer, and most recently, as Board Chair.

First and foremost, I would like to thank all the staff and, particularly, the Executive Director Clay Thompson, for their hard work and dedication to the Foundation. The Board of Directors sincerely appreciates all of their efforts.

2018 was a challenging fundraising year, yet the Foundation was once again successful in helping to meet the healthcare needs of the citizens of Southwest Saskatchewan. Numerous events throughout the year come to mind as successes of the Foundation, however, I will mention the highlights. Last year's Annual General Meeting was definitely a highlight from a donor's perspective. We certainly appreciated Dr. Kapusta's demonstration at that meeting as a means to educate our donors on some of the work of the Foundation. A few of the more notable fundraising events were the Black Tie Hockey Draft – held in April/2018 and a complete sellout -, the annual Golf Tournament – held in June/2018 with a full slate of teams challenging a cold, dreary day! -, and, the Radiothon – held in November/2018 and a resounding success. So, despite a slow start to the fundraising year, the final quarter of the year turned

into one of the best!

The success of the Foundation, of course, is reliant and due to our donors. I wish to thank each and every one of you for your generosity this year and all throughout the years. I encourage everyone to please think of the Dr. Noble Irwin Regional Healthcare Foundation when considering philanthropy – whether supporting one of the Foundation's fundraising events, making a general donation or a bequest in a will. Your generosity ensures the Foundation will "Keep our Local Healthcare Strong".

Sincerely

A handwritten signature of Helen Arnold in black ink.

Helen Arnold, Volunteer Chair, Board of Directors
Dr. Noble Irwin Regional Healthcare Foundation

The tireless work of the Dr. Noble Irwin Regional Healthcare Foundation staff and the contributions of many donors makes a very real and tangible difference to the lives of the people we serve each and every day. The Saskatchewan Health Authority's partnership with the Foundation helps us provide seamless, high quality care for every resident of Saskatchewan.

Over the past year, with the support of the Foundation and its donors, we were able to enhance the care for our patients, clients, residents and families by investing in a new digital x-ray, ventilator and chemotherapy pumps for the Cypress Regional Hospital, a new tub and tub room for the Climax Border Health Center, as well as various other smaller purchases. This new equipment has increased the quality of care for our citizens.

With your help, we have strengthened the services we deliver and enhanced the care we can provide to the people we serve. Dr. Noble Irwin Regional Healthcare Foundation has provided this support for more than two decades, raising more than \$1.2 million in 2018 for various areas of our hospitals, including oncology, respiratory care

and long-term care facilities in the former Cypress Health Region.

Every day, the Foundation passionately fosters incredibly generous support from the community for technology, education, research and equipment that makes a difference for our patients, our physicians and our employees.

On behalf of the Saskatchewan Health Authority's board of directors, senior leaders and every physician, employee and volunteer, I extend my gratitude to you for your support and commitment to excellence in healthcare.

Sincerely,

A handwritten signature in black ink, appearing to read 'DWJ', with a long horizontal stroke extending to the right.

Scott Livingstone

CEO, Saskatchewan Health Authority

Saskatchewan Health Authority

Our Mission Statement

The Dr Noble Irwin Regional Healthcare Foundation Inc. exists to raise, administer and disburse funds to improve the quality and availability of healthcare for all residents living in southwest Saskatchewan.

Ways To Give

The Foundation is supported by generous donations from individuals who believe in its goals. These gifts are necessary to meet critical and immediate needs. There are many ways to donate and give to improve the quality and availability of healthcare to all residents of southwest Saskatchewan.

Planned Giving

Established through sound estate planning, planned gifts provide the donor with the satisfaction of knowing that their gift will improve the level of healthcare for generations to come.

Planned giving options include the following:

- Wills and bequests
- Life Insurance
- Gift annuities
- Charitable Remainder Trusts
- Gifts in Kind
- RRSPs/RRIFs
- Stocks and Bonds
- Real estate and farmland

In Memoriam

In Memoriam gifts are made in lasting memory of loved ones. The Dr. Noble Irwin Regional Healthcare Foundation Inc. thanks family members and friends who pay special tribute in this manner.

Grateful Patient

Often we only truly see the value of our healthcare system when we find ourselves in need of medical assistance in one form, or another. For some, the benefit of the care they received inspires them to donate in order to keep the level of care at our area facilities as high as possible.

Events

Of course you can help the Dr. Noble Irwin Regional Healthcare Foundation with your support of events like our Annual Golf Classic, or through attending the Black Tie Hockey Draft.

At any time, you can make a donation to the Dr. Noble Irwin Foundation simply by stopping by our offices at 2051 Saskatchewan Drive, through the mail, or visit our webpage to donate online.

Scholarships (SESP)

The Skills Enrichment Scholarship Program is intended to support those training to be frontline healthcare providers in southwest Saskatchewan.

Applications must be received on or before 5:00 pm on the SESP session deadline dates as indicated below:

- May 31 for courses/classes scheduled to begin July 1 through December 31;
- November 30 for courses/classes scheduled to begin January 1 through June 30.

Applicants must be enrolled and/or will be enrolling in the program, course or classes scheduled to begin within the six month period following the SESP submission deadline date and be prepared to sign a Return For Service Agreement upon the conclusion of studies.

Full details including eligibility requirements and an application form can be found on our website www.drirwinfoundation.com

STARK & MARSH

— CPA LLP —

To the Directors of Dr. Noble Irwin Regional Healthcare Foundation Inc.:

Qualified Opinion

The summary financial statements, which comprise the summary statement of financial position as at December 31, 2018 and the summary statement of operations for the year then ended are derived from the audited financial statements of the Dr. Noble Irwin Regional Healthcare Foundation Inc. for the year ended December 31, 2018. We expressed a qualified opinion on those financial statements in our report dated March 5, 2019.

In our opinion, the accompanying summary financial statements are a fair summary of the audited financial statements of Dr. Noble Irwin Healthcare Foundations Inc. which were prepared in accordance with Canadian accounting standards for not-for-profit organizations. However, the summary financial statements are qualified to the equivalent extent as the audited financial statements of Dr. Noble Irwin Healthcare Foundation Inc. for the year ended December 31, 2018.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by Canadian accounting standards for not-for-profit organizations. Reading the summary financial statements and the auditor's report thereon, is not a substitute for reading the organization's audited financial statements and the auditor's report thereon.

The Audited Financial Statements and Our Report Thereon

We expressed a qualified opinion on the audited financial statements in our report dated March 5, 2019. In common with many charitable organizations, the Foundation derives revenue from donations and fundraising conducted by itself and other organizations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation and we were not able to determine whether any adjustments might be necessary to fund-raising revenues, surplus for the year, assets and fund balances for the years ended December 31, 2018 and December 31, 2017.

Management's Responsibility for the Summarized Financial Statements

Management is responsible for the preparation of a summary of the audited financial statements in accordance with Canadian accounting standards for not-for-profit organizations.

Auditors' Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are a fair summary of the audited financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standards (CAS) 810, Engagements to Report on Summary Financial Statements.
